Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Saturday 06 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Clear spells overnight with a widespread, locally severe, frost.

This Evening and Tonight:
A dry and mainly cloudy start to the evening. Cloud then breaking in places, with temperatures falling close to or below freezing in any clear spells. A widespread, locally severe, frost is likely to develop by dawn. Minimum temperature -3 deg C (27 deg F).

Sunday:
A cold start for many, with frost clearing through the morning. Then fine and dry with light winds, but often cloudy with limited sunny spells. Light rain possible overnight. Maximum temperature 9 deg C (48 deg F).

Outlook for Monday to Wednesday:
Cloudy Monday with patchy rain, especially over western hills. Tuesday, mainly cloudy and mild with light rain and brief bright spells. Mild on Wednesday, with strong winds and occasional rain.
